Hondo Hears Political Speech Hon. W. T. Pace Speaks in Interest of Hon. Geo. E. B. Peddy

first political speech in the campaign of this year was heard at Chamber of Commerce Hall Wednesday night, when Hon W. T. Pace spoke for about an hour in the interest of Hon. Geo. E. B. Peddy, a candidate for the United States Senate. A large sized audience was in attendance and the speaker was accorded a respectful hearing.

Chairman M. Schorobyn of the Republican Executive Committee presided over the meeting, and introduced the speaker. Pace said in part:

purpose of my appearing before you this evening is to discuss the proposition of whether or not a man is morally bound to support a man who is running for the United States Senate, there being no legal sanction, and further to ask each one of you who believe as I do to ask all of your friends to be on your ballot when you go to the polls. Now the first proposition:

Mr. Simmons received from the institution \$85,000 for five years' work. In addition think they presented him with a palatial residence in Atlanta. Now, I will ask you frankly, is he in it for money or for the good of mankind?

Political Activities.
"About three years ago agents of the Klan entered the Texas field. In organization work the first persons to be approached were the enforcement officers. They came to Dallas and approached our Police Commissioner. They failed. The city election was coming on. The citizens' association, as they had been doing for years past, put out a full ticket. The Ku Klux in convention assembled put out and endorsed Louis Turley on the independent ticket. Turley was elected by about 500 majority. At this time the people had no idea that there was such an organization in Texas.
"Later on Senator McNealus died and an election was called to elect

his successor. The Kluxers in convention assembled nominated J. H. Willis. In this election it became rumored for the first time that we had the Klan with us, and that they were supporting Willis. Willis was elected. Passing on down we come to the July primaries. The Ku Klux met at night with pillow slips on their heads and a bed sheet wrapped around their bodies, and nominated a full ticket from Constable to the United States Senate. I spoke from every stump in Dallas county during the primary and charged these men with being Ku Klux. They would not admit or deny. They would not discuss the issues from the stump. After the election they all, with the exception of Mayfield, admitted they were the nominees of the Klan.

"Now, let's suppose, for the sake of argument that the Republicans had gathered together and selected a man to run for the United States Senate on the Democratic ticket and he was instructed not to admit that he was a Republican if he was so charged. Now suppose after the election this man elected and admitted he was a Republican, that he was selected to run by the Republicans, as I have charged, would you be morally bound to support him?

"Had Bob Henry, who went all over the state proclaiming the fact that he had authority from Atlanta to run and that wherever you found him he would have the fiery cross in one hand and the Stars and Stripes in the other, been nominated for the Senate, this contest would not be on because having admitted membership and discussed the Klan the Democrats who participated in

the primaries would be morally bound to support him.

"The time has come when a man is not safe in his home or possessions and regardless of party affiliations steps must be made to preserve our inalienable rights. When this condition confronted Washington and his patriotic followers, what did they do? Broke their allegiance to England. Is there a man here who would call them bolters?

"What did Lee and Davis and Jackson do when confronted by what they thought was a trespass on their rights? Broke their allegiance to the United States. Is there a man here who would call them bolters?

"Every citizen of Texas, and by reason of that fact, belongs to the greatest fraternal organization the world has ever known, 'The United States of America.'

"We have spent hundreds of thousands of dollars for the advancement of education and the protection of the weak. We have succored the needy from pole to pole. Our martyrs have spilled their blood on every sea and continent. We have proven that in tolerance there is strength; that the lash and tar bucket is not necessary.

"You are a member of this great organization. Your mother paid your initiation fee when you were born. Are you going to say you have found anything better?

"George Peddy has planted his banner on the proud ramparts of the Alamo, San Jacinto, Bunker Hill and Yorktown, and asks that every man and woman help him."

NEW FOUNTAIN EPWORTH LEAGUE CELEBRATE.

October 20 is for the Epworth League of New Fountain M. E. church a day that will be long remembered by its members and pastor, it being the occasion of the installation and dedication of a new Williams piano in their church.

Miss Nellie Muennink, chairman of the social division of the League, had prepared an exceptional program, consisting of songs, quartettes, duets and solos, for the occasion.

The program was well rendered, the selections were appropriate for the occasion, and the voices of the large choir, consisting of over fifty members, blended wonderfully with the perfect strains of their piano.

To Rev. Foerster is due much credit for the remarkable progress the choir has made. He is a student and scholar of a leading European

conservatory, and has mastered all musical form, and is thoroughly conversant in the fine arts.

After the program and the closing of the exercises, the League and visitors assembled on the lawn of the church where refreshments were served, and the evening whiled away in merry conversation and other forms of social activities.

Messrs. Jacob Stein and Fred Jungman, who were here this week serving as District Court jurors, paid our office a business call Thursday. They will both read Farming as well as the Anvil Herald in future. While the rains in their section were lighter than in Hondo they reported sufficient to be very beneficial.

Nic Koch, one of our progressive west side farmers, was a business caller Wednesday and left Farming's subscription list stronger by another name, taking advantage of our club offering. Mr. Koch was elated over the recent fine rain and says the soil will plow fine and that there is still plenty of time to sow an oat crop.

"Curley" de Montel left on last Sunday morning's jitney for Torreon, Mexico, to size up conditions. As was mentioned in last week's Anvil Herald, he has been tendered a position in Uncle Sam's consular service, with station at Torreon, and his visit will determine him as to whether or not he will accept the proffered position.

At the annual conference of the Methodist Church now in session at Lampasas, a native of Medina county was in the class of the first and second year preachers, L. D. Hardt. He is the son of H. G. Hardt of Yancey. The reverend gentleman has been serving the Methodist Church at Brackettville the past conference year. The young minister's friends in Medina county offer congratulations on the success he has thus far attained in his chosen work, and trust that this is but the beginning and that he will achieve greater distinction as the ambassador of his Lord and Master.

Every year the land owners of this section are subjected to endless annoyance, during the hunting season, from careless, thoughtless and criminally negligent hunters who invade their premises without so much as a by-your-leave. Armed with a high-powered rifle and prompted by an utter indifference as to consequences, they shoot indiscriminately, endangering both life and property, and many is the valuable animal that has been maimed or killed by this reckless shooting. This custom of hunters from far and near trespassing any and every where and slaughtering the game has become such a nuisance that some twenty or more of our large land owners, in addition to posting their property, have organized a Game Protective Association, will employ a couple of game wardens, and will make a concerted effort to abate the nuisance. Game hogs who haven't a sufficient regard for rights of others as to respect the wishes of land owners might do well to fear the law, as it is clearly on the side of those who post their premises.

DISTRICT COURT.

The second week of the district court convened at the courthouse Monday morning with all the court officers present.

The following were impaneled for the second week as jurors:

Alfred Naegelin, John Rihn, Earl Starnes, Edmund Hutzler, Edmund Haby, C. B. Leinweber, S. G. Carter, H. R. Baily, Edwin Jungman, Isaac Wilson, Felix Batot, Adolph Schneider, Chas. Duncan, Pete Koch Jr., Ben De Joirno, Joe Tondre, Alb. Schneider, Jacob Stein, Otto Haby, Otto Huegele, Fritz Jungman, Joe Haegelin Jr., J. G. Newton and Jos. Naegelin.

Criminal Docket.

The following cases on the criminal docket were disposed of:

State vs. Jesus Montez, assault with intent to rape. Verdict not guilty.

The following served as jurors in this case: Edmund Haegelin, E. Tondre, Edmund Hutzler, Otto Huegele, Edmund Haby, Pete Koch Jr., Alfred Naegelin, Adolph Schneider, Fritz Jungman, Jos. Naegelin, Edmund Jungman and Jos. Haegelin.

State vs. Bryan, alias John Lopez, burglary. Verdict guilty and his punishment assessed at confinement in the State penitentiary for a term of two years.

The jury in this case was as follows: Edmund Haegelin, Edmund Haby, Alb. Schneider, Felix Batot, Edmund Hutzler, Otto Huegele, Ben De Joirno, H. R. Baily, Pete Koch Jr., Jos. Naegelin, Fritz Jungman and Adolph Schneider.

State vs. Leandro Ortega, rape. Verdict guilty and five years in the penitentiary, with suspended sentence.

The jury in this case was composed of the following: Jos. Naegelin, Ben De Joirno, H. R. Bailey, Pete Koch Jr., Joe Tondre, J. G. Newton, John Rihn, Alfred Naegelin, Isaac Wilson, Otto Schneider, Edmund Hutzler and Otto Haby.

State vs. Luther Baines, assault with intent to rape. Instructed verdict of not guilty.

The following served as jurors in this case: Edmund Haby, Jos. Naegelin, Alb. Schneider, Pete Koch Jr., Joe Tondre, Adolph Schneider, Otto Haby, Ben De Joirno, Edmund Hutzler, Otto Huegele, Edmund Haegelin and Jos. Naegelin.

In this case the Court delivered the following charge:

"Gentlemen of the Jury: In this case the defendant, Luther Baines, is on trial before you charged by indictment with the offense of assault with intent to rape, alleged to have been committed in Medina County, State of Texas, on or about the 19th day of October, A. D. 1922. To this charge the defendant has pleaded 'not guilty,' and the Court being of the opinion that the evidence in this case is not sufficient to justify or warrant a conviction of the defendant of the crime charged against him, and State by her district attorney in open court admitting that he had no other evidence of an incriminating nature against the defendant, you are instructed to return a verdict finding the defendant not guilty. R. H. Burney, Judge of the 38th Judicial District of Texas."

The jury for the week was discharged Thursday.

Quite a number of tax suits were before the court, a great number being dismissed as settlement had been made, a large number being passed pending settlement, while in some, judgment was taken.

The court Friday morning was engaged in the trial of the case of the Devine Independent School District vs. W. A. Thompson. In this case defendant attacks the right of the appraisers of that school district to fix the value of property located in the district, claiming same to be exorbitant. This case will probably occupy the attention of the court throughout the day.

The following were appointed jury commissioners to select grand jurors and draw petit jurors for the next term of court:

H. C. Rothe, D'Hanis; Isaac Wilson, Hondo; C. H. Melton, Devine.

The grand jury, before adjourning last Friday, submitted the following report to the court:

The State of Texas, County of Medina In District Court of Medina County, Texas, October Term, 1922.

Report of the Grand Jury To the Hon. R. H. Burney, Judge of said Court:

The grand jury impaneled at the aforesaid term of said Court, having completed its labors, begs leave to submit the following as its final report, and respectfully asks Your Honor for its discharge.

The grand jury as a body has inspected the public buildings at the County site and found all of them in good condition and repair except as hereinafter recommended. All buildings appear sanitary and free from objectionable odors and appurtenances.

The prisoners appear well cared

for and all their necessary and proper wants provided.

The following recommendations are offered:

1. That Your Honor appoint an Auditing Committee to perform the contemplated duties of such body, with the strict injunction that its duties be completed at a definite date and report made to the next term of this court.

2. That the Commissioners' Court of Medina County proceed to repair or rebuild the ceiling of the second floor of the county jail with such material and in such manner as to preclude the easy escape of prisoners possible at present.

We commend the County officials whose work has come under our observation and the efficient assistance rendered by the Sheriff and his Bailiffs. We have carefully reviewed all matters coming to our attention and returned bills of indictment in all such that appeared to us sufficient to be sustained in that court.

We thank Your Honor for the charge given and recommendations made.

Respectfully submitted, CLAUDE W. GILLIAM, Foreman.

THE RAIN.

A most glorious rain, the first of any value since June, visited this section Sunday night. The rain started about 9 o'clock and continued until about 5 o'clock in the morning, lasting some eight hours. This rain was unexpected and therefore all the more welcome. Few believed in the early hours of the night that the long and distressing drouth would be only a disagreeable memory before he arose in the morning. According to Judge H. E. Haass, voluntary observer for the United States Weather Bureau, the precipitation of Sunday night amounted to 2.57 inches.

Following a bright, sunny day, clouds again gathered Monday night and another rain, amounting to .22 of an inch, fell, giving us a total rainfall of 2.79 inches for the spell. The rain, however, was much heavier in some sections than in others. The southern part of the county came in for the most generous supply, while the fall in the northern part of the county was considerably lighter.

Just what value the rain will have on the pastures is yet to be determined, this depending entirely upon weather conditions. Should the weather continue warm and balmy as it has since the rain for a few weeks, giving grass and winter weeds time to grow, then it will prove of great value; should it turn cold, then its value to the range will be negligible.

However, the rain came just at the right time for oats planting. While some few farmers had taken a long chance and dry planted their oats, the majority of them were waiting for rain. Now that it has come planting will be the order of the day as

soon as the land is dry enough to plow.

The rain, however, only temporarily relieved the stock-water problems. Falling slowly and gently the parched earth absorbed it as fast as it fell, and only in some sections were tanks and waterholes filled. It is to be hoped, however, that our next rain will not be so long delayed and that the present supply will last until that good hour.

FARM LOANS.

The Hondo National Farm Loan Association, H. E. Haass, Secretary-Treasurer, Hondo, Texas, representing 132 borrowers, with \$503,280 borrowed, is prepared to make farm loans anywhere in Medina County under the Federal Farm Loan Act at 5½ per cent interest and 1 per cent 33 year amortization repayment plan. Nineteen thousand Texas farmers have taken advantage of this system of borrowing over fifty million dollars. Why not you? Former restrictions have been taken off and you may borrow for any purpose provided for in the Act, as a farmer only. tf

KIRSCHBAUM CLOTHES

IN THE NEW FALL AND WINTER DESIGNS

From the very first touch of the designer's chalk to the very last touch of the presser's iron—the guiding thought in the making of Kirschbaum Clothes for young men is style. Style, yes, and with it, quality and value!

All-Wool—100 Percent And No Compromise

This Fall—as always—the famous Kirschbaum standard of all-wool is rigidly upheld. Before a fabric is passed as suitable for use in a Kirschbaum garment, it is tested scientifically for its all-wool purity, its color fastness, its wearing strength.

To Clyde Hollaway goes the distinction of being the first to take out a poll tax receipt in Precinct No. 16, South Hondo, with his mother, Mrs. J. W. Hollaway, a close second, she getting number two. John Zuberbueler and wife were the first to get receipts for their voting precinct, Dunlay, while for the Biry box the distinction goes to Gregorio Serena.

We are pleased to report that Miss Lottie Hollaway, who was operated on last Monday for appendicitis, is making a good recovery and will soon again be enjoying her normal health. Her condition was critical for a time, but she safely passed the crisis. Our local surgeons conducted the operation. She is at the Hurt Sanitarium.

A pair—a King and Queen—made their advent into the home of Mr. and Mrs. Joe Ward of Yancey October 19th. It would be superfluous to say that Papa and Mama Ward are extremely proud of this addition to their home.

Frank Freeman, the foreman of the water service gang of the S. P. railroad, returned to his home in Columbus Thursday after finishing his job here, and C. H. Belton of San Antonio, his assistant, was sent to Eagle Pass.

Miss Mary Kempf, who left for San Antonio the first part of last week, had an attack of dengue fever. Mrs. August Kempf is nursing her since a week. Miss Mary is about over the attack by this time.

Miss Lillie Wiegand from Gatesville, who is visiting her brother near Hondo, spent last week-end in the home of Mr. and Mrs. J. W. Griffiths.

Cotton, basis meiddling, was quoted at \$2.25 on the local market Friday morning. Corn in the ear was bringing 63 cents per bushel; shelled, 73 cents.

Rev. F. Pallanche was among the Hondo people who went to Devine on Thursday to attend the Dedication Services of the new Catholic church.

Editor W. L. Dubose of the Devine News was here yesterday with the District Court. While here he paid this office a fraternal call.

Seargent Joe English, wife and baby of Kelly Field were last week-end visitors to Mrs. English's parents, Mr. and Mrs. C. W. Gaines.

There will be a dance at Hondo on November 11, under auspices of the American Legion. San Antonio music.

Carter & Bader, Ford dealers, this week delivered a one-ton Ford truck to Ben Schuehling.

Cotton shipments for the week consisted of 223 bales. For the season 2,231 bales.

OPERA SINGERS AT HONDO AUDITORIUM.

The first number in the Dixie Lyceum course booked for Hondo this season was presented at the Auditorium Thursday evening to an appreciative audience.

The Mary Adel Hays Opera Singers are artists, every one. In the costumed scenes from "Il Trovatore" and "Martha," the entire concert troupe was seen perhaps at its best. But in the individual artistry each member was shown to be master of his particular phase of the musical art, and where each was so distinct, one's judgment would be ruled by his fancy and not the artist's ability in attempting to draw comparisons.

The performance was a rare musical treat to all—just such wholesome amusement as is in store for those who attend the other numbers in the course. Do not miss the other numbers. If you have not secured tickets see some representative of the Hondo Parent-Teachers Association and make your purchases now.

BACK FROM CONVENTION.

Dr. O. B. Taylor and Herbert Decker returned Sunday from New Orleans where they had been to attend the National Convention of the American Legion. They reported a most delightful time, and say that New Orleans and all that was in it belonged to the Legion boys while they were there.

The Texas boys were delighted to have one of their number, Hon. Alvin M. Owsley, elected Grand Commander of the Legion. The next convention will be held in San Francisco, California, October 15th to 19th, inclusive.

Messrs. Taylor and Decker are so pleased with the good time they had that they are determined to attend the California convention. Accordingly, they have started a Convention Savings Fund and are going to save \$10.00 each month from now until then in order to be able to finance their trip. They want other Legion members to join them in this so that a large delegation can go to the next convention from the local Post.

AN INTERESTING LETTER

Mrs. H. W. Kendrick (nee Alber-
tina Hornung) who is residing at
Boulder, Colorado, has recently tour-
ed several of the Northwestern
States and Yellowstone Park with
her husband and a party of friends.

From a letter to her father, Mr.
August Hornung, we are permitted
to publish the following interesting
note of her trip:

"Sept. 2nd we left Boulder and
our first stop was for luncheon which
was spread under a tree and the air
already had given us huge appetites.
We continued our way on to Chey-
enne. It is a quaint, rather pretty
place in its way. It is typically
Western. So far I don't like Wy-
oming at all. There are miles and
miles of just nothing. After leav-
ing Cheyenne we have passed six
houses, and that in a space of 25
miles. It is just up one little hill and
down another. When on top of one
of these one can see for miles; ev-
erything is lovely and green.

"September 3rd we arrived in
Chugwater about 10:30 and found
much the same country. Has an
altitude of 5,280 feet. The only
thing this country can boast is its
castle-like formations. From here
we went on to Wheatland and
Douglas. The first really interest-
ing feature was the oil fields at
Glenrock. They seem very prosper-
ous and the wells are numerous. Cas-
per also shows the influence of oil.
They have a huge refinery.

"On September 5th we went into
Hell's Half-acre. It is one of the
most weird places imaginable. The
rock formations are in hundreds of
shapes and colors. One interesting
feature is you climb down into a
bowl. It is about a mile square and
everything that at one time had life
is now petrified, even the moss on
rocks and petrified wood. I am
sending you several interesting
pieces. I can find no words to de-
scribe it.

"From here we went on the Ther-
mopolis, Wyoming. The roads were
rough, dusty, and in places very
dangerous. The Shoshone Mountains
are crossed and they are beautiful
and are a brick-red color. This
place is famous for its hot mineral
springs. They are indeed wonderful.
I was sorry to leave them for it was
big sport having a natural hot bath.

The nights were cold and the winds
blowing a gale. We planned our
entrance through the eastern gate.
This took us through the wonderful
Shoshone Canyon. It is very nar-
row, and the banks on either side
rise to dizzy heights, almost perpen-
dicular. The stream jumps with
white rage and the formations are
indeed wonderful. The building of
this road through here required the
drilling of six tunnels through solid
rock; four of these are quite long.
One also passes the Shoshone Dam.
It is 328 feet in height. Its top is
200 feet long and is 10 feet thick,
while its base is only 80 feet long
and 108 feet thick. Other interest-
ing features on this drive are the
Holy City, Thor's Anvil and 1000-
foot Cliff; Chimney Rock, Mutilated
Hand and Elephant Head. These are
simply wierd formations. The first
thing we saw in the Park was the
Sylvan Pass. It has an elevation of
8,500 feet. Next we saw the Osprey's
Nest and the Fishing Bridge, also
Lake Eleanor. From here we
visited a geyser basin; the smell is
very strong of sulphur, and the
water is boiling hot. Mud Volcano
has a funnel-shaped crater 30 feet
deep. It is full of lead-colored mud
and is always in violent agitation.
It is simply a raging mass of mud
belching forth. The stream is very
thick. From here we went to Dragon's
Mouth. It is a beautiful, overflowing
hot pool under a green-colored rock
gable; its eruptions are continuous
and with much steam and noise. We
crossed Chittenden Bridge and this
is supposed to be the longest Melan-
arch in the world. The Upper Fall
is beautiful, having a face of 109
feet, the drop being perpendicular.
The water is constantly shooting out.
This Fall seems wonderful until one
sees the lower fall of the Yellow-
stone; then it fades away into noth-
ing. On both sides of Lower Falls

are huge pinnacles of sculptured
rock. The width of the rock is about
100 feet and perfectly flat, then the
fall is 308 feet into the gorge below.
It is a shining mass of foam and
mist. In many places the sides have
been gouged out by boiling springs
and have left overhanging cliffs. The
walls are in various and most sur-
prising shapes. You are afraid and
fascinated at the same time as you
cling to the rail down in the canyon.
Just think, there are 494 feet of
stairway and about 10 platforms.
This only leads you to the brink of
the falls. The rest of the way is a
tiny path. You cannot hear one an-
other speak. The colorings are mag-
nificent; the rainbows are sure of a
rival here. You find flaming red,
yellow, green, brown and many col-
ors you cannot name. This is known
as the Grand Canyon of the Yellow-
stone. We went to Artist's Point.
This is another view of the Falls and
Canyon. We passed along Mount
Washburn at an altitude of 8,900
feet. We did not go to the summit,
which is 10,100 feet, for all in the
party had been on Long's Peak and
felt it would be nothing new. Along
here were seen Tower Falls, Buf-
falo Ranch and Petrified Tree.

"From here we took the route from
Tower Junction to Gardiner, Mon-
tana. After taking in sights here
we again entered the park and tour-
ed another portion. The interesting
things here are Mammoth Hot
Springs, Hymen Terrace, Liberty
Cap and Cleopatra Terrace. These
are hard to describe. I will send
pictures as soon as they are finished.
Then we find Minerva Terrace. The
unusual thing about this is, it is
colored one season and dead the
next. There are Mound, Pulpit, and
Jupiter Terraces. Pulpit Terrace is
a mass of stalactites grown almost
together; there is a tradition that a
famous minister once delivered a
sermon from it. Jupiter is the great-
est of them all and is very wonder-
ful, travertine formation. There is
also Angel Terrace, famous for its
coloring. This brilliant coloring is
only found in active terraces. The
coloring of these is due to the algaus
growth. It requires hot or tepid water
in which to live. We go on from
Mammoth to Golden Gate. 1,000
feet elevation is made in less than
3 miles. The "Hoodooos" are honey-
combed caves, the surface caving in.
From here are seen Bell Peak, Mount
Holmes, altitude 10,578 feet; Elec-
tric Peak, 11,155 feet. This moun-
tain attracts lightning. We stopped
at Apollinaries Spring; its waters are
supposed to be very good for one,
so we poured out all of our water
and filled our bags with this, and I
never tasted anything so nasty in my
life. Obsidian Cliff, rising 250 feet
above the road, is of volcanic glass,
the greater part of it is jet black
with streaks of red and orange. His-
tory of the roadway shows that it
was built by building great fires
around the blocks of glass and were
suddenly cooled with water, this
shattering them into fragments, thus
giving a glass road. Roaring Moun-
tain is unusual, of an ashen color,
with steam coming out in countless
places and a muffled roaring inside
of it.

"The Norris geyser basin is simply
many geysers, the larger being the
'Constant,' the 'Whirligig' is unusual
because it is really a whirligig; the
'Black Growler Steam Vent' attracts
much attention. It roars constantly
and emits great volumes of steam.
There are so many of them, they are
all alike and still very different. They
repulse and fascinate one at the same
time. The 'Minute Man' is interest-
ing too; it goes off regularly every
30 seconds.

"Next we saw the lower geyser
basin, an area of 30 to 40 square
miles. They have a record of 693
hot springs, the most interesting be-
ing the Paint Pots. It has a basin
40 by 60 feet in size and the mud is
colored, white and pink, it resembles
boiling paint. Excelsior Geyser is
very interesting due to the fact that
it is dead. It is an immense pit, the
water is deep blue tint, and is in-
tensely agitated all the time. The
water is about 15 feet below the sur-
face. Its eruptions occurred in 1881
and varied from 75 to 250 feet in
height.

"I am going to try to describe the
prettiest lake I have ever seen. The
Prismatic Lake is the largest color-
ed lake in the Park and most color-
ful, the central part being a deep
blue color, turning into a decided
green that turns into a yellow tint
and then the edges are a deep or-
ange. The surrounding parks are
a succession of terraces. The tem-
perature is 146 degrees Fahrenheit.
Another interesting and beautiful
feature is the fact that the steam
is pink and blue. From here we
pass another geyser basin; it con-
tains 26 geysers and over 400 hot
springs. I shall only describe a few.
The Grotto erupts from 2 to 8 hours,
and eruptions are 30 feet high, last-
ing from 15 minutes to 8 hours. The
Giant Geyser plays about 250 feet
for a period of one and a half hours,

A GOOD FRIEND

A good friend stands by you when
in need. Hondo people tell how
Doan's Kidney Pills have stood the
test. Thos. McCall, carpenter, of
Hondo endorsed Doan's four years
ago and again confirms the story.
Could you ask for more convincing
testimony?

"I came down with an attack of
kidney trouble," says Mr. McCall.
I had such a severe pain in my back
I could hardly stoop or lift. My back
pained all the time and made it dif-
ficult for me to do my work. I had
heard Doan's Kidney Pills highly
spoken of so I bought some at Wind-
row's Drug Store. Doan's helped me
right away and two boxes removed
the trouble."

Mr. McCall gave the above state-
ment May 29, 1915 and on May 6,
1919, he added: "I have used Doan's
Kidney Pills a few times for a slight
backache since they cured me four
years ago. I think just as much of
Doan's as ever."

60c at all dealers, Foster-Milburn
Co., Mfrs., Buffalo, N. Y.

every six to fourteen days. It was
inactive when we saw it. Its cone
is 10 feet high and 4 feet across.
Around here are found many colored
pools and springs. Handkerchief
Pool is a peculiar thing, you throw
your handkerchief into it and it dis-
appears; in a few minutes it reap-
pears perfectly clean.

"Old Faithful Geyser is indeed in-
teresting. Its eruptions occur every
70 minutes. The eruptions begin
with a few spasmodic spurts, much
water being thrown out. These are
followed by the real eruptions, rang-
ing from 125 to 150 feet; this height
lasts for 3 minutes.

"We left the Park through the
Western gate into West Yellowstone,
Montana. From here on through in-
teresting points in Idaho and Utah.

"I enjoyed visiting the Mormon
grounds in Salt Lake City. We went
to hear the organ recital in the
Mormon tabernacle and visited their
museum which contained some won-
derful things. The most interesting
being many mummies of Indians
and the remains of Black Hawk. The
grounds also contain the first house
in Utah. It was built in 1847 and
is a log structure. It has some old
furniture in it. Sea Gull Monument
was erected in commemoration of
the delivery of Mormon pioneers
from starvation during a plague of
crickets in 1848-49. Sea gulls preyed
upon the pests until they van-
ished. By the way, sea gulls are
protected in the State. Their flower
beds are marvelous and I think it
is well worth while to visit them.

"We had wonderful luck all the
way until we reached Coalville,
Utah. Just as we were ready to
leave we broke an axle and were
unable to get one there. They sent
to Salt Lake for it, and the first one
they sent didn't fit, so they had to
order another. We were delayed
there three days. All of us felt
terribly afraid the boys wouldn't be
here to register on the 25th. But
the Lord smiled on us and with quite
long riding we reached home at
about 10:30 Sunday night. I feel
a little tired but every one says
I look very much better.

"There was really too much to
see in the time we planned. You
get so filled up with scenery until
you feel as though you don't care
to hurry in order to see more.

"I must go back to the Park and
tell a little about the bears and other
animals. The animals are all pro-
tected (outside of Mountain Lion
and Coyote.) You see sheep, elk,
deer antelope, but most of all bear.
The Grizzly, Black and Cinnamon
are found. They seem to know they
are protected. They are unafraid
and all food has to be put in safe
places (mostly suspended in the air)
or he comes right up and helps him-
self. One morning an old bear and
two cubs came to a neighboring camp
and it was good sport to watch them
eat out of their hands. Finally the
mother bear decided to see what
she could find in the tent and they
had to be run away.

"It gives you a funny feeling to
be walking along and suddenly come
face to face with a big bear. But
they take little or no notice of you.
However, you are warned not to feed
or molest them in any way.

"The other, mink, ermine, skunk,
badger, squirrel, ground hog, beaver,
muskrat and porcupines are galore.
We also saw a beaver slide, dam and
huts.

"The birds are numerous. The
eagle, osprey, sea gull (around Yel-
lowstone Lake) any number of wild
ducks are seen.

"I haven't half told you all but
there are such a lot of things one
can't describe. Will try to send
pictures."

RED CROSS PUTS UP \$9,739,872

Year's Budget Stresses Relief and Services at Home and Overseas.

MILLIONS FOR VETERAN AID
Over \$3,000,000 Allotted to the Disabled—Foreign Work Lessens.

Washington.—Expenditures totaling \$9,739,872.47 for carrying through its program of services and relief during the fiscal year in the United States and overseas are authorized in the budget of the American Red Cross, effective July 1, 1922. This total is \$2,735,475 less than the expenditures for the last fiscal year, when disbursements reached \$12,475,347.69, it is announced at National Headquarters in a statement emphasizing the necessity of continued support of the organization by enrollment during the annual Roll Call, November 11-November 30 inclusive. This total for the budget is exclusive of the large financial operations of the 3,360 active Red Cross Chapters, which, it is estimated, will more than double the total.

War Veterans Have First Call
First call on Red Cross funds is for the disabled ex-service men, of whom 27,487 were receiving treatment from the Government on June 1 last. This work for veterans and their families in a wide variety of service that the Government is not authorized to render and for which it has neither funds nor facilities has the call on \$3,000,000 during the current year, or about \$300,000 more than was expended last year for soldier service. Adding the funds disbursed in this humanitarian work of physical reconstruction following the World War by the Chapters throughout the country will approximate a total for the current year approaching \$10,000,000. This work, in the opinion of the Surgeon General's office, will not reach its peak before 1929.

Through its Chapters the American Red Cross is equipped to find in the individual ex-service man, help him in his problems and difficulties, provide immediately for his necessities, and open the way for him to the Government compensation and aid to which he is entitled. The extension of this work to the families of such men proves to them that the Red Cross has lost none of its sympathy nor will to service manifested in wartime. Similarly the service goes out to the men still in the Army and Navy, 11,087 of whom were under treatment in Government hospitals on June 1, 1922.

Greater Domestic Program
This year—after five years of constructive effort during the war and after the armistice—brings with it a greater responsibility for domestic service to the American Red Cross. The budget for foreign operations, however, totals \$3,044,000, but of this amount \$1,834,000 is for medical relief and hospital supplies for Russia, which is a part of the gift made by the American Red Cross in 1921 to the Russian famine relief work of the American Relief Administration program. The child health service in Europe continues, moreover, and \$654,000 is appropriated for this work undertaken in 1920. Other items in the stringently diminished foreign program include \$200,000 to support the League of Red Cross Societies, \$22,000 for nurses' training schools instituted by the Red Cross abroad, and \$800,000 for liquidation of the general Red Cross foreign relief program.

Prepared for Emergencies
For disaster relief the Red Cross has set aside \$750,000, and for emergencies in Chapter work \$500,000 to be available for domestic, insular and foreign demands. This is more than \$395,000 above last year's expenditures. For service and assistance to the 3,300 Chapters and their branches \$1,293,000 is provided by the National organization.
Other budget items of importance in the domestic program include \$200,000 for assistance to other organizations and education institutions for training Red Cross nurses and workers; \$190,000 for Roll Call assistance furnished to Chapters; \$100,000 for unforeseen contingencies.
Of the total budget less than \$500,000 is allotted for management in the National organization. No cash estimate, of course, is possible to weigh the value of the service by volunteers in the Chapters.

THE RED CROSS SUPPLEMENTS GOVERNMENT SERVICE BY MEETING THE PARTICULAR NEEDS OF THE INDIVIDUAL EX-SERVICE MAN. THIS WORK CANNOT GO ON UNLESS YOU SUPPORT IT WITH YOUR MEMBERSHIP DOLLAR. PAY UP TODAY

SETTLING UP TIME.

Another harvest season has rolled around, and the time for settling up annual accounts is here. In making your settlements do not forget the paper. It costs money to run a paper and printers must have money or, like other people, go hungry. Call at the office and settle your account or remit by letter. Do not wait for a statement—but a statement will be mailed you if desired. Remember, time flies and a neglected subscription account mounts up fast and if allowed to run too long will surprise you with its size. So please wait no longer but pay up now.

Yours in grateful anticipation of an early settlement,
FLETCHER DAVIS.

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.
Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

"Ladies and gentlemen, you will see coming fine when Willie Jones eats a whole great big box of Kellogg's Corn Flakes because that's the only food he will eat a whole box off!"

It's a joyous treat to sit down to a bowl of Kellogg's Corn Flakes

You'll agree that you never ate such delicious, such satisfying cereal as Kellogg's Corn Flakes! Those big, sunny-brown "sweet-hearts-of-the-corn" are so fascinating in flavor and so crispy and crunchy that you don't wonder the children are thrilled to eat them!

Compare Kellogg's with imitations to realize their quality, their appetizing appeal, their wonder-crispness! Unlike imitations, Kellogg's are never tough or leathery or hard to eat! Each heaping spoonful of Kellogg's is even more joyous than the last—there is no end to the happiness that is yours eating Kellogg's Corn Flakes!

ASK FOR KELLOGG'S! Be sure that you get Kellogg's—the delicious Corn Flakes in the RED and GREEN package that bears the signature of W. K. Kellogg, the originator of Toasted Corn Flakes. NONE ARE GENUINE WITHOUT IT!

Habitual Constipation Cured in 14 to 21 Days.
"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to take. 60c per bottle.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

Striking New Red Cross Poster

Riveting the attention of the beholder on the fact that the American Red Cross is chartered by Congress as an official volunteer relief organization the dome of the Capitol at Washington, upon which is superimposed a large Red Cross, is the central figure of a new poster for the Annual Red Cross Roll Call. The poster, which has been pronounced one of the most striking of innumerable representations of the famous dome, is the work of Franklin Booth, a New York artist of wide renown. It will be displayed throughout the country during the Roll Call period, Armistice Day to Thanksgiving, when the Red Cross membership for 1923 will be enrolled.

Junior Red Cross Praised for Work Influencing Peace

The advancing standard of the Junior American Red Cross made two outstanding gains during the last year—one in the field of domestic activity, which is rapidly linking up the schools with the Junior program, the other a gain of a dozen countries in Europe pledged to organize Juniors on the lines of the American organization. For this accomplishment the American Juniors earned the hearty endorsement of the League of Red Cross Societies for its "creation of an international spirit of human solidarity among young people with a view to preparation of a new civilization for peace."

The forthcoming annual report of the American Red Cross for the year

ended June 30, 1922, will show 24,528 schools enrolled, with a total of 4,483,845 pupils wearing the "I Serve" button of the American Junior Red Cross—the badge of unselfish service earned by each individual member through personal sacrifice.

In international school correspondence 736 classes and schools engaged in friendly communication with 623 schools in European countries, 90 schools in United States territories, 13 in South Africa and 10 in a miscellaneous list of foreign countries. The work in foreign fields in establishing playgrounds, school libraries, sewing and manual training classes, homes for war orphans, school reconstruction in devastated areas, encouraging community gardens and many other activities was financed through the National Children's Fund raised by the Juniors at a cost of \$338,237.40. During the year \$56,922.79 was contributed toward the fund, in which on July 1 there was a balance of \$201,361.58.

Greatest Mother Summons Her Children

An allegorical concept of the Red Cross as a peace-time ideal is employed by the American Red Cross in a new and striking poster for its Annual Red Cross Roll Call. Spread out before the heroic size figure is the outline of the United States with a Red Cross superimposed upon it while around its borders are sketched scenes depicting the chief activities of the Red Cross today—service to disabled veterans of the World War, disaster relief and promotion of the public health. The poster is the work of Lawrence Wilbur, a New York artist and will be displayed throughout the country during the enrollment of the Red Cross membership for 1923.

LACOSTE LEDGERETS

From The Lacoste Ledger.

Tuesday morning, October 24th, 1922, Miss Hedwig Zinsmeyer became the happy bride of Mr. Adolph Hutzler in St. Mary's Catholic Church. Rev. J. Heinzmeier performed the ceremony which was followed by a nuptial high mass. The bridal party entered church in the following order: Miss Hilda Biediger and Oscar Biediger, Miss Pauline Hutzler and Gus Zinsmeyer, the bride with Wilfred Hutzler and Miss Agnes Scherrer with the groom. Immediately after the ceremony the wedding party and invited guests repaired to the home of the bride's parents where an all-day celebration took place. The bride is the youngest daughter of Mr. and Mrs. Chas. Zinsmeyer and is known by many of our readers. The groom is the oldest son of Mr. and Mrs. Joe Hutzler from here and is one of our progressive young farmers. Mr. and Mrs. Hutzler will be at home on the Hawkes place near Lacoste, recently purchased by Mr. Adolph Zinsmeyer. The Ledger extends its congratulations to the young couple. May their voyage across the matrimonial sea be one of happiness.

Miss Florence Iltis from Idlewild was here Monday.

Mrs. J. L. Mechler was a San Antonio visitor Monday.

Joe Schmitt from Devine was here on business Saturday.

Miss Mildred Mathews from Lytle paid a short visit to friends here last Sunday.

Miss Lucille Crowder from Pearsall spent the week-end here with Miss Clara Lester.

Mrs. Emilie Naegelin of Castroville was a business caller here last Tuesday.

Messrs. H. C. Heilig and Adolph Ahr were San Antonio visitors Friday evening.

Mr. and Mrs. Gus Keller were in San Antonio on business Friday.

Misses Josephine and Stella Rhin from Spindletop were visiting here Saturday.

Mr. and Mrs. Howard Mangold and baby from Noonan were here on business Friday.

Mr. and Mrs. Frank Tondre of Castroville were here on business Tuesday.

Messrs. Frank Keller and Wm. Jungman were at Pearsall on business Tuesday.

Messrs. Joe Schmidt and Eugene Bohl from Devine passed through our town Monday enroute to San Antonio.

Messrs. Frank Keller and George Echtle were in San Antonio on business Friday.

Mr. and Mrs. John Kempf and children from the Chicon were here on business Saturday.

Mr. and Mrs. Henry Franger and baby from Idlewild were here Monday.

Miss Lizzie Loessberg of San Antonio is visiting home folks here for several days.

O. G. Reicherzer, who took an extended layoff on account of ill health, is back on the job since the first of the week.

Mr. and Mrs. Albert Geiger, who lived a few miles below Lacoste, moved on the Smith farm at Biry the past week.

Many from here and Castroville are attending the dedicating services of the St. Joseph's Catholic Church at Devine today.

Mr. and Mrs. Alfred Stancel from Schulenburg and Frank Miskach from San Antonio were visiting Alex Jung-

man and family here last Friday.

Rev. Father Heinzmeier and Geo. Echtle were at Honey Creek last Tuesday for the Golden Jubilee of Rev. Father Droessel of that place.

Messrs. H. C. Heilig and Edmund Keller, Cashier and President of the Lacoste National Bank, were in Hondo on business Tuesday.

Messrs. J. O. Holzhaus and son, Carlos, Ferd. and Eddie Hasselbauer and Theo. Krause of San Antonio were here Saturday and Sunday on a duck-hunting expedition.

Chas. Halty and family and Mr. and Mrs. Ferd. Ahr were at Pearsall Sunday for the second annual Frio county fair. They reported having had an enjoyable time.

Paul Flathouse and family from Macdonia and Mr. and Mrs. Louis Biediger from here were visiting Jacob Stein and family Sunday evening.

Mr. and Mrs. Edmund Geyer and sons, Frank (John and Ferdinand), of Pearsall were visiting here Monday. Frank and John remained here for a few days.

Sunday night a nice shower of rain fell here, amounting to a little over an inch, and another one-half inch Tuesday night, which settled the dust for some time.

Mrs. Emil Mangold and children and Aug. Groessenbacher from the Sauz were here on business Friday.

Emil Zinsmeyer and sons, Frank and George, were here in a brand new Dodge car Thursday which they purchased in San Antonio Wednesday.

Messrs. Michael Franger and Editor John C. Biediger took an overland trip to Yorktown, via San Antonio, Lavernia, Southern Springs, Stockdale and Jillet. The trip was enjoyed with the exception of the jolts over the places washed by the recent rains, which at places was more than at others. After transacting business at Yorktown we called on Wm. Geyer and family where we also enjoyed a good supper and early in the evening left on the homeward journey.

Work was commenced this week on the well on the Jungman lease on the Chicon, which had been standing idle for several months. The well was taken up by a new corporation, The Lacoste Oil Company, organized by Medina county men. The well is being washed now to find out what it will bring if oil is found in paying quantities, which is believed by expert oil men it will do, at the present depth, another well will be commenced, and if not the new company will go down to a greater depth. This paper will have reports of this well from time to time.

Friday evening, October 20, 1922, a Bunco party was given at the home of Mr. and Mrs. Wm. Tschirhart in honor of their son, Raymond, the occasion being his eighteenth birthday anniversary. After participating in singing and playing music the guests were given seats at Bunco. The ladies' first prize was awarded to Miss Martha Wurzbach and the booby to Miss Renada Wurzbach, while the gentlemen's first prize went to Albert Reus and the booby to Hugo Bippert.

Notice, To Hunters!

We, the undersigned citizens of Medina County, have organized the Medina County Game Protective Association.

The object of this Association is to protect the game, to enforce the game laws generally, and also forbid trespassing on our lands.

Most of the counties north of here have already organized for this purpose and in those counties the game is increasing in number each year, while in this county it is decreasing, and will continue to decrease until we begin to enforce the law in regard to hunting out of season, and following the law regulating hunting in season.

The members of this Association wish to serve notice on the public that there will be no hunting allowed on any of our premises without a written permit from the land owner or from whoever may be in charge of such premises.

This is for the protection of the land owners and also for the protection of the hunter who will respect the law.

There at present 22 members of this Association and we will employ two game wardens to look after this business and as the membership grows we will employ others. We ask all parties, hunters as well as land owners, to co-operate with us in the protection of game in Medina County.

On the first day of November the lands owned by the members of this Association will all be posted according to law, and any and all permits to hunt thereon heretofore issued are hereby cancelled.

The one-day aluminum ware sale held at the Leinweber Co. Store on Thursday was a huge success. The store was thronged by thrifty housewives who have learned the value of this useful ware and when the sale was over nearly every kitchen in this vicinity was better equipped than it had been before.

Robert Reitzer, the rural mail carrier, was down at San Antonio last week and underwent an operation on his nose. Mr. Reitzer has been a sufferer from catarrh for many years, and hopes his operation will afford him relief.

\$1,441,486 A YEAR'S DISASTER RELIEF COST

Red Cross Aided 145,000 Victims in United States—Losses Total \$30,000,000.

Seventy-two disasters, with hundreds reported killed and injured, and more than 145,000 either homeless or requiring assistance, called for emergency relief measures and the expenditure of \$1,441,486.36 by the American Red Cross during the fiscal year ending June 30, 1922, according to a statement based on the forthcoming annual report of the Red Cross. The greatest toll of life was taken by hurricane and tornado, while the overflowing of rivers, the breaking of dams and torrential rains have the greatest number of people on their homes. The property loss was estimated at more than \$30,000,000.

The year's disasters reported included twenty-six floods, nineteen tornadoes, fifteen fires, four epidemics, two theatre collapses, two shipwrecks (one an airship), and a bridge collapse, mine explosion, railway collision and a drought. Of the floods in the United States that at San Antonio, Texas, caused the greatest property loss, \$6,000,000 and the highest toll of fatalities, 100, while the flood in the vicinity of Vicksburg and Greer, Miss., forced 31,000 persons from their homes.

A National Calamity

In the Red Cross disaster relief work there will probably remain many years one calamity which reached nearly every state with a sense of horror and of loss. This was the distressing collapse of the roof of the Knickerbocker Theatre in Washington, D. C., resulting in ninety deaths and 125 persons injured. Located in the center of the beautiful Northwest residential section, this picture theatre was patronized many persons of prominence both the official and civil life of the National Capital, whose family and personal connections radiated out over the entire country. The horror was intensified by a terrific snowstorm which, though it retarded, did not block Red Cross relief.

Ship Crash Finds Aid at Hand

The crash and destruction of the U. S. Army's large airship Roma in Virginia last February with the loss of 34 men and 11 injured was first disaster of its kind to call for Red Cross relief in this country. The suddenness of the accident tested the readiness of the organization and the Chapter at Hampton, Va., but response was immediate and relief reached the survivors, also funds for expenses of relatives of the dead, came from long distances to claim town.

The year's overseas record for aid rendered by the Red Cross are two in the Philippines, one in Manila, destroyed 1,000 homes, with a loss of \$1,500,000 and 5,000 persons homeless, the other at Tonio, destroyed 3,000 from their dwellings. Medical relief that was quick and effective the smallpox epidemic in San Antonio, which had a total of 22,000 with 225 deaths in a single day, and the readiness of the Red Cross action, and the same can be said of San Domingo hurricane, which killed 12 persons and reduced the city of 182 persons to wreckage. A loss of 50 and 2,000 refugees, was also handled by the local Chapter of the American Red Cross.

Relief Machinery Perfected

A year has seen the further perfection of disaster relief administration in every field of American Red Cross activity, and that the may be carried on to still greater accomplishments the American Red Cross is appealing for widespread renewal of membership during the annual Roll Call, to be conducted this year from Armistice Day (November 11) and including Thanksgiving (November 30).

Red Cross Roll Call Heard World Around

The Annual Roll Call of the American Red Cross for registration of membership for 1923 will begin on Armistice Day, November 11, and continue on Thanksgiving Day, November 30. The ground work for this stupendous task of re-enrolling the membership throughout the world has been in a plan for the first complete comprehensive system of registration of the Red Cross membership in 5,300 active Chapters at home abroad.

Important feature of the round-world Roll Call campaign will be the effort to re-enlist the service of war-time Red Cross workers in peace program by their participation in the Roll Call. In this way the army of volunteers will once again affiliate with the work of the Red Cross in its manifold phases. Confidence also has been assured by the Red Cross that the Roll Call will reach every member of the Red Cross in every part of the world who may be en voyage or in the arms of a Chapter.

Thousands of Chapters will adopt the plan of canvass plan of enrollment originated in Pittsburgh, where the Roll Call resulted in a membership increase of 50 per cent. All records of the year's campaign will be kept in standard size cards to be filed by Chapter for future use.

RED CROSS WINNING IN FIGHT FOR HEALTH

Better, Stronger Citizenry Now
Emerging Out of Work in
United States.

The American Red Cross as an evangelist of better health has looked its problem square in the face. How it accepted the task revealed to it in the nation's physical condition as brought out during the World War, and conscientiously applied its activities to correction forms a vivid chapter in the forthcoming annual report. Historically and practically, nursing is a basic work for the Red Cross. In its public health nursing service, in instruction in home hygiene and care of the sick, nutrition classes, first aid and life saving courses and health centers, the American Red Cross is applying effectively the lessons learned during the war and making for a healthier, stronger and better nourished citizenry.

The task of the Red Cross Public Health nurse in the 1,240 nursing services now operating throughout the country instructing their communities in health essentials and disease prevention is demonstrating the possibilities of human betterment and the great benefits of enlightenment.

During the last year 313 new public health nursing services were established by Red Cross Chapters, and several hundred services so convincingly proved their effectiveness that they were taken over by public authorities. In order to promote this work \$30,000 was allotted to provide women to prepare themselves for public nursing. The home visits made by the 1,240 nurses aggregated nearly 1,500,000, visits to schools numbered 140,000, and in six months 1,250,000 school children were inspected by these nurses and where defects were found advised examination by physicians. In rural communities this service has made a very marked advance and has won thousands of converts to approved methods of disease prevention.

In home hygiene and care of the sick instruction, which fits the student in methods of proper care where illness is not so serious as to require professional service, the Red Cross conducted 3,884 classes during the last year, enrolled 2,356 instructors, 93,448 students and issued 42,656 certificates.

On June 30, 1922, nutrition service embraced 1,199 classes, with a total of 27,523 children and 2,589 enrolled dietitians. Seventy-eight food selection classes graduated 733 who received Red Cross certificates. In general health activities Red Cross Chapters maintained 377 health centers, serving as many communities, provided 38,751 health lectures for large audiences everywhere, while clinics numbered over 10,000.

Red Cross Gains Strength in All Foreign Fields

In insular possessions of the United States and in foreign lands the American Red Cross scored heavy gains during the last year, passing the previous membership high mark of 1918 by 4,261 and advancing the figure to 156,408. The Philippines take the lead, gaining nearly 100 per cent, now having 115,917 members. In Europe the 1921 Roll Call enrolled 11,125, with the Constantinople Chapter reporting 665, a gain of 33 members. China was 1,782 members, a gain of 596; the little Virgin Islands have 1,000, while the Dominican Republic with 2,927 advanced from its previous high mark by 1,423 new members. Haiti, organized in 1920, now has nearly 1,000 enrolled. Mexico reports 354, a gain of 327 in one year. The American Red Cross has spread its membership over some 70 foreign lands and its Junior membership outside of the United States is close to 700,000.

Red Cross Water First Aid Makes Life-Saving Gain

More than 325 Chapters engaged in life saving or water first aid last year with the result that the American Red Cross Life Saving Corps has set a new high mark for enrollment and the number of qualified life savers developed. The influence of "learn to swim week" in many localities is reducing the water fatalities through instruction and the wider dissemination of resuscitation methods demonstrated by the Red Cross representatives. Excellent work has been done in teaching a large part of the American population how to take care of itself in the water. Growing appreciation for this Red Cross Life-Saving Service is shown by the compulsory instruction adopted in many cities for members of the police and fire departments in the prone pressure method of resuscitation.

Help to Help Others

You can't "give until it hurts"—for giving an American dollar to join the American Red Cross helps you to help others who are hurt and who need relief.

HALLOWE'EN PARTY.

Last Friday night about thirty ghosts and witches found their way to the home of Mr. and Mrs. R. H. Hudspeth, where four high school girls were entertaining with a Halloween party.

The house was beautifully decorated in black and gold, with cats and witches on the walls.

The ghosts and witches gathered in the hall. We recognized no one; not even his call, until our faces we had shown. Opprobrium to no one was known.

After all had removed their masks each one had his fortune told by the Gypsy fortune teller.

Being assured of our future we decided to play games. The witches portrayed their talents by playing the piano, telling jokes, and making speeches.

All at once, the lights went out and some one was telling ghost stories. After several thrilling stories, which had made each one feel very ghostly, we were led into the dining room by the hostess who served delicious punch and sandwiches.

At about eleven o'clock all departed with the assurance that the girls were delightful hostesses, which was proven by the nice time each one had.

Those present were: Misses Roberta Hudspeth, Rhode Mae Taylor, Lorene Merriman, Meda Crow, Florence Butler, Anne Davis, Louise and Evelyn Griffiths, Lillie Wiegand, Marguerite Woods, Willie Belle and Eunice McLaugherty, Lottie Hollaway, Donnie and Gladys Mills, Jerry Fusselman and Mary Crouch; Messrs. Origen Crow, Earl Earnest, Dee Holly, Lawrence Brucks, Earl McLaugherty, Reinhart Rothe, Volney Boone, Leslie Stiegler, Preston Gaines, Earmon Taylor, Tony Windrow, Travis Mansell and Carl Green.

Two of Hondo's sons who took military training at the Citizen's Military Training Camp at San Antonio the past summer have been rewarded for proficiency in marksmanship by the War Department—Marion Davis qualifying as a sharpshooter and Elmer Neuman as a marksman. The sharpshooter medal is in the shape of a Greek cross as a pendant attached to a bar on which the word "Sharpshooter" occurs, and is a decidedly handsome piece of workmanship. We have not had an opportunity of examining the marksmanship medal. The effectiveness of Uncle Sam's soldiers in battle has been their superiority in marksmanship over other soldiers, and these medals awarded Hondo boys would indicate that that attribute will be maintained as far as these two are concerned should they ever be called to the defense of their country—which we hope will never occur.

YANCEY ITEMS.

A large number of people met at the school auditorium last Friday evening for the regular community meeting. Several songs were sung which were enjoyed by both old and young. The basketball boys furnished a little diversion from the regular program by singing two school songs and giving some yells. After singing the young people passed outside where they played numerous games. The older people held a meeting in the auditorium for the purpose of discussing the organization of a wolf club. The wolves and coyotes are proving very destructive to the farmers' poultry this fall.

The Parent-Teacher Club met Friday afternoon. Committees were appointed to help with the community fair which is to be held November 3rd. Plans were discussed in detail. Everyone seemed interested in making it the best fair Yancey has had. Since the catalogues are out the people outside of the community will know something about what the fair

LADY WAS IN A BAD FIX FROM NERVOUS INDIGESTION

Biloxi, Miss.—"I had, for a year or more, nervous indigestion, or some form of stomach trouble," says Mrs. Alonzo Ford, 1117 Clay Street, this city. "The water I drank at that time seemed to constipate me. I would suffer until I got so nervous I wanted to get down on the floor and roll. I felt like I could tear my clothes."

"Every night, and night after night, I had to take something for a laxative, and it had to be kept up nightly. My side would pain. I looked awful. My skin was sallow and seemed spotted. I would look at my hands and arms, and the flesh looked lifeless."

"I happened to get a Birthday Almanac, so I told my husband I would try the Black-Draught, which I did. I took a few big doses. I felt much better. My liver acted well. I made a good, warm tea and drank it that way. Soon I found

that nervous, tight feeling was going, as was the pain in my side. I found I did not have to take it every night. Soon, after a few weeks, I could leave it off for a week or so, and I did not suffer with constipation. . . I gained flesh. I have a good color, and believe it was a stubborn liver, and that Black-Draught did the work."

"I went to my mother's (Mrs. Deetery) one day, and she wasn't well at all. . . I told her we'd try Black-Draught. We did, and now she keeps it to take after eating. It certainly helped her, and we neither will be without it in our homes. It is so simple, and the dose can be regulated as the case may be. We use small doses after meals for indigestion, and larger doses for headache or bad liver."

Thedford's Black-Draught liver medicine is for sale everywhere.

For Real Economy in the Kitchen Use

CALUMET

The Economy BAKING POWDER

A Big Time and Money Saver

When you bake with Calumet you know there will be no loss or failures. That's why it is far less expensive than some other brands selling for less.

The sale of Calumet is over 150% greater than that of any other brand.

Don't be led into taking Quantity for Quality

Calumet has proven to be best by test in millions of homes every bake-day. Largest selling brand in the world. Contains only such ingredients as have been officially approved by U. S. Pure Food Authorities.

THE WORLD'S GREATEST BAKING POWDER
